## Partner Recognition Program

***The Association is pleased to extend an expanded recognition sponsorship program to all of our Affiliate Members. This program allows our Affiliate Members an opportunity to tailor their advertising and sponsor contributions to their specific needs. This program includes the regular Annual Affiliate Membership and offers our Vendors the convenience of streamlining their operations for their generous contributions and commitments they make to the Association during the year by combining multiple expenses and request for contributions into a onetime annual sponsorship. We feel that this option will provide extra exposure and be an additional benefit and convenience to our Affiliate Members.***
